POWER AND TELECOM SOLUTION FOR TOP-OF-FLOORING INSTALLATION

The Connectrac On-Floor Wireway systems install directly on top of any type of flooring. Extremely durable and low profile, these wireways offer a wide array of power/AV/telecom connectivity options. They are the best solution when speed of installation, flexibility and value are critical.

ON-FLOOR WIREWAY FEATURES

+ Low-profile, durable extruded aluminum wireway
+ Installs directly on top of any type of flooring
+ Ideal for low-traffic areas
+ Provides a cable pathway with no core drilling or trenching
+ Multitude of power and telecom/AV options
+ Pre-wired power components speed installation
+ Removable wireway top cap makes changing cables simple
+ ADA compliant
+ Available in two durable finishes:

ALUMINUM  GRAPHITE
ON-FLOOR WIREWAY COMPONENTS

WIREWAY SEGMENTS AVAILABLE IN:

- 72" length - field-cut to required length and combined as necessary
- Available in 2 finishes: Graphite (GR) and clear anodized aluminum (AL)

EACH SEGMENT INCLUDES:

- Extruded aluminum wireway bottom track and top cap
- Wire management clips
- Concrete screws and drill bit

*Top Cap Finishes: Replace “XX” With “GR” (Graphite powder coat), or “AL” (Clear Anodized Aluminum)
†Accessory Finishes: Replace “XX” With “BK” (Black) or “SV” (Silver)
### Base System Components:

**Wireway Bottom Track and Top Cap**
- Bottom track anchors to slab and secures side ramps
- Top cap snaps into bottom track
- Extruded aluminum
- Available length: 72"

INCLUDED IN EACH WIREWAY SEGMENT

### Optional Accessories:

**24” Wall Channel**
- Vertical wireway, surface mounts to wall to provide path from Connectrac system at floor to existing single-circuit outlet box
- 24” long, can be trimmed to fit
- Includes (1) AC-GR-SV and (1) AC-WT-SV

PN: AC-WC-024-AL | $104.00

**20” Wall Channel**
- Vertical wireway, surface mounts to wall to provide path from Connectrac system at floor to surface-mounted junction box
- 20” long, can be trimmed to fit
- Includes 4”x4”x2.125” double-gang steel junction box, with silver powder coat
- Includes (2) AC-WT-SV and (1) AC-GR-SV

PN: AC-WC-020-AL | $102.67

**144” Wall Channel**
- Vertical wireway, surface mounts to wall to provide path from Connectrac system at floor to ceiling above
- 12” / 144” Length
- Includes (1) AC-WT-SV accessory

PN: AC-WC-144-AL | $247.99

**Corner Kits**
- Pre-cut wireway components
- Includes steel couplers and hardware
- Available in 90° and 45°

PN: ON-3.7-C90-XX* | $131.39
PN: ON-3.7-C45-XX* | $131.39

**Grommet**
- Allows cabling to enter / exit wireway
- Snaps into wireway bottom track

PN: AC-3.7-GT-BK (BLACK) | $15.89
PN: AC-3.7-GT-SV (SILVER) | $15.89

**Transition Adapter**
- Used to transition cabling at beginning or end of wireway
- Snaps into wireway bottom track

PN: AC-3.7-TA-BK (BLACK) | $20.56
PN: AC-3.7-TA-SV (SILVER) | $20.56

**Communication Box**
- Steel low-voltage enclosure
- Accepts any standard double-gang faceplate
- 3” available depth

PN: AC-COM | $84.24

**Rough-in Box**
- Used in new wall construction to transition cabling from wall cavity into wireway

PN: AC-RIB-1 | $13.12

---

*Top Cap Finishes: Replace “XX” With “GR” (Graphite powder coat), or “AL” (Clear Anodized Aluminum)
## SINGLE DEVICE POWER OPTIONS

### DUPLEX

**Includes:**
- Single 3-wire, 1-circuit NEMA 5-20R duplex receptacle
- Attached pre-wired galvanized steel flex conduit; 3-wire / 1-circuit with 1/2” knockout fitting (length options below)
- Black ABS plastic cover w/2 mounting screws
- Modular data opening (see page 6)
- Need an ASHRAE or Title 24 controlled receptacle?
  
  Contact us at [877.480.5637](tel:8774805637) or [info@connectrac.com](mailto:info@connectrac.com)

### AV DUPLEX

**Includes:**
- Steel enclosure with access cover
- Single 3-wire, 1-circuit NEMA 5-20R duplex receptacle
- Attached pre-wired galvanized steel flex conduit; 3-wire / 1-circuit with 1/2” knockout fitting (length options below)
- Standard double gang telecom opening; 3” depth for installing AV plates/devices
- Need an ASHRAE or Title 24 controlled receptacle?

### 4-CIRCUIT MONUMENT

**Includes:**
- Single 36.5 cubic inch steel electrical housing for hardwire connection, black powder coat
- Attached pre-wired galvanized steel flex conduit; 8-wire / 4-circuit with 1/2” knockout fitting (length options below)
- Pass-thru opening for telecom cabling
- Refer to page 8 for wiring diagram options

*NOTE: SEE MORE POWER OPTIONS ON NEXT PAGE*
MODULAR POWER OPTIONS

MODULAR POWER SYSTEMS

• 20Amp NEMA 5-20R duplex or quad receptacles; includes black ABS plastic cover, mounting screws, and two modular data openings (see page 8).
• Modular connections: multiple receptacle units can be connected using modular jumper and power infeed cables.
• Receptacle devices are keyed to individual circuits.
• Need an ASHRAE or Title 24 controlled receptacle? Contact us at 877.480.5637 or info@connectrac.com!
• MAX DATA CAPACITY: 6 communications cables can bypass each modular receptacle. Need to accommodate more than 6? We can help! Contact us at 877.480.5637 or info@connectrac.com.

TELECOM - SINGLE DUPLEX

STANDARD TELECOM KIT
The single duplex device incorporates a four-unit modular telecom opening. Each device comes with two angled TC-UM03-BK modules from Hubbell that accommodate up to four keystone-sized connectors. These modules also accommodate keystone-sized connectors from a variety of other manufacturers.

INCLUDED MODULES:
- (2) TC-UM03-BK 1.5 unit 2-port angled modules
- (1) TC-BM01-BK .5 unit blank module
- (4) TC-BM02-BK 1.0 unit blank module

These modules are included with each single duplex

INCLUDED MODULES:

- (2) TC-UM03-BK 1.5 unit 2-port angled modules
- (1) TC-BM01-BK .5 unit blank module
- (4) TC-BM02-BK 1.0 unit blank module

OPTIONAL TELECOM KITS

OPTIONAL VOICE/DATA KIT
INCLUDES:
- (4) TC-KS01-BK Cat6 voice/data jacks
- (2) TC-KS08-BK HDMI keystone pass-thru
- (1) TC-OC03-BK VGA gender changer
  - Includes TC-UM02-BK unloaded module
    - Includes 18” slimline VGA patch cable
- (1) TC-KS10-BK 3.5mm audio screw termination jack

PN: TKIT-V3 | $49.86

OPTIONAL AUDIO/VISUAL KIT
INCLUDES:
- (4) TC-KS01-BK Cat6 data jacks

PN: TKIT-AV1 | $162.18

NOTE: Both optional telecom kits utilize the (2) TC-UM03-BK modules included with each receptacle cover

# TELECOM - MODULAR POWER

## STANDARD TELECOM KIT

Modular receptacle devices (duplex and quad) each incorporate 2 three-unit modular telecom openings. Each device comes with two TC-UM04-BK modules from Hubbell that accommodate up to four keystone-sized connectors. These modules also accommodate keystone-sized connectors from a variety of other manufacturers.

### INCLUDED MODULES:

- (2) TC-UM03-BK 1.5 unit 2-port angled modules  
- (5) TC-BM02-BK 1.0 unit blank module  
- (2) TC-BM01-BK .5 unit blank module

These modules are included with each duplex and quad modular receptacle.

## OPTIONAL VOICE/DATA KIT

Includes:

- (4) TC-KS01-BK Cat 6 voice/data jacks

PN: TKIT-VD1 | $49.86

**NOTE:** The optional telecom kit utilizes the (2) TC-UM03-BK modules included with each receptacle cover.

- Circuit Two: Grey, White, GRN-YEL, Green, Pink, Blue, Red, Black (12 GAUGE)
- Circuit Three: Grey, White, GRN-YEL, Green, Pink, Blue, Red, Black (12 GAUGE)
- Circuit Four: Grey, White, GRN-YEL, Green, Pink, Blue, Red, Black (12 GAUGE)

**NOTE:** The 4-circuit connection monument can utilize either of the above wiring schemes.

### Cable Fill Capacity

- **Inside Dimensions:** 3.1” x .6”
- **Outside Dimensions:** 3.7” x .62” with flooring

### Power Data Shielding

For low voltage cabling is provided by Connectrac’s special galvanized steel flex conduit.

### Standard Cable Fill Capacities:

</table>

**NOTE:** Typical Cat6 cables are used as a benchmark for communications cable capacity within the wireway. The actual number of cables that can be accommodated will vary based on the dimensions of the cabling, which varies by manufacturer.
CONNECTRAC LIMITED WARRANTY

Strong Products Group, Ltd. d/b/a Connectrac ("Connectrac") hereby warrants, to the original purchaser or owner (collectively, “Buyer”), that any product manufactured and sold by Connectrac will be substantially free from unreasonable and significant defects in material, construction, and workmanship under normal use, service, and only for their original purpose, for a period of five (5) years from the date of original installation or six (6) years from the date of purchase, whichever is sooner. Standard commercial tolerances apply. This Limited Warranty ("Statement") applies only to products, which have been installed properly in accordance with Installation Instructions supplied by Connectrac and any applicable codes and standards.

This Statement is void if any Connectrac products have been modified, repaired, altered, tampered, mixed with, or intermixed (used within a system) with products or materials in a manner not approved by Connectrac. This Statement does not cover Connectrac products subjected to accidents, improper use, improper maintenance, improper cleaning, negligence, misuse, or abuse. This Statement is void if damage results from the use of detergents, cleaners, abrasives, or other harsh chemical agents not authorized or sanctioned by Connectrac. Connectrac is in no way liable or responsible for any damage to Connectrac products that would void this Statement.

When you contact Connectrac, please provide reasonable proof of the date of your purchase of the Connectrac product at issue. It may be necessary for Connectrac to arrange an inspection of your product to determine whether or not a defect exists. Connectrac’s sole obligation (and the sole exclusive remedy of the Buyer) with respect to any products that are proven to be defective, will, at the sole discretion of Connectrac, be the repair or replacement of the defective products or refund of the purchase price of the defective products. Returned products will not be accepted unless Connectrac is notified and authorizes the return, in writing, prior to shipment.

Certain products of Connectrac may have a specific limited warranty or limitation of liability included that differs from this Statement. The terms of any such specific limited warranty or limitation of liability supersede those set forth in this Statement.

Connectrac’s products are listed by Underwriters Laboratories, Inc. and the Canadian Standards Association. Buyer agrees to exercise reasonable care in the installation and use of Connectrac products. Buyer acknowledges that Connectrac products may be dangerous and agrees to release Connectrac from any liability for injury or damage in connection therewith. Buyer further agrees to defend, indemnify, and hold harmless Connectrac from and against any and all third-party claims and liabilities (including, without limitation, reasonable attorneys’ fees and costs), regardless of the form of action, arising out of or in connection with the installation and use of Connectrac products, provided that Buyer is notified promptly in writing of the action, Connectrac has not reached any compromise or settlement of such action or made any admissions in respect of the same, and Buyer is given the option, at its expense, to control the action and all requested reasonable assistance, including indemnification from any third party, to defend the same.
