

Introducing the NEW  
**CONNECTRAC GO**  
WIREWAY

# CONNECTRAC GO

## WIREWAY

### It's as Easy as Place, Plug, GO!

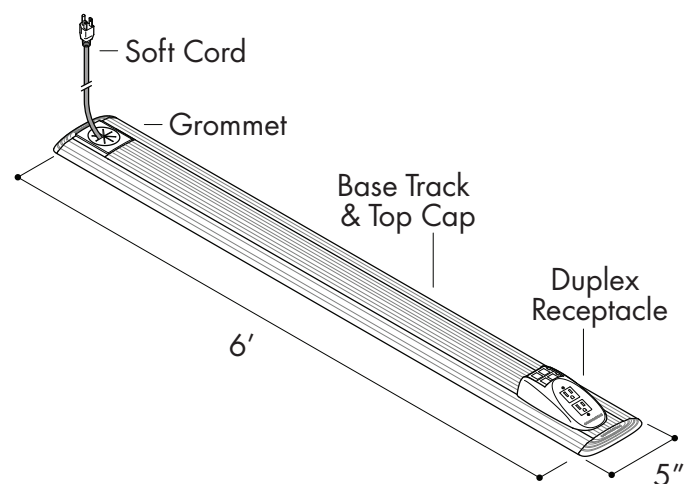

The Connectrac GO system gives you power, telephone, and computer connectivity anywhere, anytime, and within minutes. Simply place the durable, anodized aluminum wireway on top of any floor surface and plug the cord into a handy outlet. Locate the receptacle unit where you need it, install up to 4 CAT 6 cables and you're all set. GO gives you the flexibility to provide, move or change connectivity when needed. Feel the freedom of Connectrac GO.

#### Connectrac Go Features:

- Durable anodized architectural aluminum
- Available in 6' and 12' lengths
- Provides two electrical outlets
- Provides up to 4 telecom ports
- Perfect for lecterns, conference tables, desks and more

#### These components are typical for each corded wireway system:
